SCS Photochemistry Symposium 2019

The event will comprise scientific contributions from all areas of photochemistry as well as three keynote lectures on the topics of ultrafast spectroscopy, new luminescent metal complexes and solar cells.

Keynote Speakers

- *Prof. Stephen Meech*, University of East Anglia, UK
«Transient Electronic and Vibrational Spectroscopy of Mechanism in Photomolecular Motors»
- *Prof. Katja Heinze*, University of Mainz, Germany
«Near-Infrared Emission with Earth-Abundant Metal Ions»
- *Prof. Natalie Banerji*, University of Bern, Switzerland
«Charge generation and transport in organic solar cells»

Conference Location

School of Engineering and Architecture of Fribourg
Bd de Pérolles 80, CH-1708 Freiburg
Auditoire « Edouard Gremaud », Building A
